Statement of Competence for Prospective Members

(to be attached to your Entry Form on Completion)

It is a requirement of all prospective members of The Tandem Club that they provide evidence of their competence with the tandem that they intend driving at the annual Meet. This evidence is based on their successful attendance at a minimum of three public outings such as BDS rallies, fun-days, Trec or BHDTA events. An official at the event should sign the statement below to the effect that the tandem has been driven safely and competently. Please note that the Club requires all members to use the English coaching-style of rein handling.
