

**LUXEMBOURG COACHING TROPHY  
9TH AUGUST 2009  
CRAUTHEM-ROESER, GRAND DUCHY OF LUXEMBOURG**

On the Saturday 8th and Sunday and 9th August 2009 "les Amis d'Attelage de Luxembourg" are organizing the 5th Ciat (concours international de tradition) in Luxembourg. At that occasion we have decided to launch a new cup for the coach class: the LUXEMBOURG COACHING TROPHY.

The coaches participating in Luxembourg will have a special treatment and the program will be slightly different and adapted. The stables will be available on the competition grounds from Wednesday 5th August to Tuesday 11th August. A 5th stable will be offered to each coach team.

Saturday 8th august 2009

The coach participants and their guests be able to watch the presentation of all the other categories in the Chateau of Crauthem-Roeser.

The recognition of the marathon (+/- 8,5km on hard flat ground in the woods and on the road) will be with done with the other participants.

The 3 obstacles for the coaches will be visible on the show ground (the champagne glass, the greeting, and the halt).

The cones course (only the 12 first gates) will also be open to free inspection as of Saturday.

The coach participants and their guests will join the other participants for the aperitif and visit of the small carriage museum in Peppange at 19h00.

At 20h30 four diners in the VIP tent will be offered to coach participants, the extra dinners (reserved in advance) will cost 40 euros.

Sunday 9th August 2009

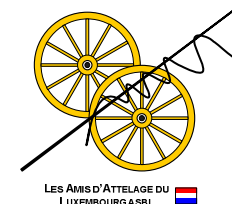

The coach class presentation will be in the main ring starting after 13h00 followed by the road section after the departure of all the other participants.

The coaches will have a special enclosure by the ring next to the VIP tent and food stands so that they and their guests can watch the other participants on their cones course from the coach whilst having lunch if they do not want to take the horses back to the stables whilst waiting for their turn (which of course is also possible).

At standstill a qualified coachman must remain on the coach as well as at least two grooms or active passengers near the horses.

Around 17h00 the prize giving ceremony will take place in the ring straight after the coaches have finished driving the cones course.

The Luxembourg Coaching Trophy will be given by a person of very high distinction.
