

The David Snowdon BDS Junior Driver Award

The David Snowdon BDS Young Driver Award is run by Eileen and John Snowdon, and it is an annual achievement scheme in memory of their son David Snowdon.

David, who unfortunately died in April 1995, aged 15, suffered from Cystic Fibrosis. He was a well known and very successful competitor with his Shetland ponies. He had gained several Red Rover Rosettes with Peanuts and his pair, Gometra Halyard and Elson Firebird. He was a BDS Junior Whip Champion and had won through to the final of the Thimbleby & Shorland BDS National Championships.

The aim of the scheme is to encourage all junior members of the British Driving Society to drive at as many driving events as they can by providing an achievement award to aim for. This should also give young drivers more driving experience while having fun at the same time. Every entrant will receive a certificate.

The rules and points system for the award, together with a sheet for you to fill in during the twelve month period can be found on the website. If you run out of space on your sheet, please continue on a plain piece of paper using the same headings. And we are always pleased to receive comments. Please remember to send your completed sheet and any continuation sheets to the address given on the sheet by 28th February.

Wishing every Young Driver a successful and enjoyable year,

Eileen & John Snowdon

Mr & Mrs J.L. Snowdon, Lark Rise, Hemley, Woodbridge, Suffolk, IP12 4QA
